

The F310 offers the same focus on quality, design and sound as all Yamaha acoustics and puts it in an incredibly affordable package.

Using select tonewoods and stable, reliable hardware the guitar features a spruce top, and has meranti back and sides to give a well balanced tone which is bright and responsive. Yamaha's legendary quality control ensures that the guitar is setup to the same spec as our professional models and offers an outstanding playing experience. If you're looking for an amazing affordable guitar, the F310 is the one for you.
